

## LYNX Directors Meeting

March 31, 2020

Attendees: Laura Primrose, Mary DeWalt, William Lamb, Claire Connley, Steve Bumgarner, Gretchen Caserotti, Kristine Miller, Tara Bartley, Lacey Welt; Shanna Decker (notetaker), Sarah Kelley-Chase, Denise McNeley, Kari Davis (BPL staff)

Kristine started the meeting explaining the presence of additional BPL staff on the call. These staff members are familiar with the programs to be discussed and have the institutional knowledge to support her. Also, during this crisis, she has been re-deployed for part of her time to work on a City team to provide services to vulnerable populations, including the homeless.

The COVID-19 pandemic has created a different environment than when the initial rewrite of the agreement began. For that reason, BPL proposed letting the agreement auto-renew. Per City Legal, this course of action will require no further action by any library board and will allow for a future re-write when the timing is better. Boise also suggested retaining the same I.T. cost as is currently being billed for FY20 and eliminating the \$100,000 contingency fund for FY21. Directors agreed to this course of action.

There was discussion about the need to rewrite the agreement to include Kuna. However, the Joinder Agreement that was signed when Kuna joined the Consortium covers this.

Round table sharing:

NPL: 36 staff have been furloughed. Printing for patrons and mailing prints to them.

EMPL: Staff are being paid

MHPL: Staff are being paid
